AUTHORIZED BY	CUSTOMER WO	NTE
Cory Kaminski		

**Invoice Summary**

Scope of Work:

1. Inspect the front and back AC units for cooling issues.
2. Check and clear fault codes on the front unit.
3. Connect gauges to assess unit pressures.
4. Clean the coils of both units using a power washer.
5. Brush the coils to prevent high head pressures.
6. GRIPS to provide a quote for a breaker to enable the second compressor on the back unit.

Resolution:

The front AC unit was found to have faulted out due to high head pressures, which were resolved by cleaning and brushing the coils. The back unit's coils were also brushed to prevent tripping. Both units were operational and cooling effectively upon completion, with the front of the store reaching 74 degrees. A quote for a breaker to activate the second compressor on the back unit is to be provided by GRIPS.

## **Terms of Service**

To ensure a prompt and efficient response to your service request, we kindly ask that you contact our main telephone number: (616) 532-8887. Our team is available to assist you during regular business hours. If you find yourself reaching out to GRIPS outside of these hours, we encourage you to leave a comprehensive message that includes your name, contact information, and details about your service needs. Our on-call Service Technician will review your message and get back to you at their earliest convenience. We appreciate your patience and understanding in this matter.

For your convenience, GRIPS accepts credit card payments; however, please note that a processing fee of 4% will be applied to all credit card transactions.

Additionally, if there are any outstanding balances on your account, a finance charge of 1.5% will be incurred.

We thank you for your cooperation and look forward to serving you.
